

Lanyards

Custom-made lanyards, Parthen makes it happen

Parthen helps

Need support when considering your requirements, when looking for that one rare item, or tailoring items to your taste? Parthen helps! We have the knowledge and experience, and will be happy to help you find what you need. Just ask us, and we'll gladly think along. Parthen knows the market, the bottlenecks, the people and the ways.

1,001 possibilities

The Parthen Meeting Essentials catalogue at www.parthen.com features thousands of products: from pen and bag to writing pads, small gifts, badges, t-shirts and umbrellas. You name it, we've got it. These are all offered in countless versions, printed or not. The printing, in turn, also allows many variations. In short: the possibilities are literally endless at Parthen. And if you can't find just the right item, Parthen will design and manufacture it for you. Made to measure.

Design your own lanyard

Red like a traffic light, rough and natural, soft as silk, full-colour printing on both sides, with photos, drawings or logos, furry edge or built-in hood, Parthen makes it happen.

Almost the speed of sound

Parthen has its own central warehouse, enabling us to deliver stock products (unimprinted) within a few hours after ordering. That is, if the item is in stock. International orders take up between two to five days. The minimum order for lanyards from stock varies from 100 to 250.

Guaranteed delivery

Parthen works on the basis of wide experience and trusted relationships. Good news for our clients, because this almost invariably means guaranteed delivery. On time.

www.sustainablemeeting.org

We are all living together on a single planet. This simple fact, combined with what we now know about the climate change, obliges all of us in the meeting industry to actively pursue a better environment. At Parthen, we have been caring for the environment for years now, but that's not enough. We will have to find an answer to the question: how can we improve our effort? So, at Parthen we will take and support any initiative to make our market greener. During our search for an answer we came into contact with the Climate Neutral Group, helping us to compensate for our CO2 emissions. To achieve this, Parthen also designed its own new line of green lanyards that are fully biodegradable. But Parthen offers many more green products in our own new green Sustainable Meeting brand, carrying the tree logo. It also offers a wide range of green bags and badges. Want to have your items manufactured in a fully green manner? We will support you.

Custom-made own designs require a minimum order of 500 items. Delivery time is approximately 4 weeks.

Lanyards made-to-measure

Lanyards can be produced from many kinds of fabric, so this is just a small set of examples. The fabrics fall into three categories: synthetic material (nylon and polyester), recycled material (pet) and biodegradable materials (corn, bamboo and non-woven). The lanyards also come in various widths and may be printed, woven or transferred in a number of colours, on one or two sides.

Article number	Material	Samples	mm	Logo
REG1	Ultrafine polyester	Sample 15x70 mm	15 20 25	Screen print Heat transfer
REG2	Ultrafine polyester	Sample 15x70 mm	15 20 25	Screen print Heat transfer
REG3	Polyester	Sample 15x70 mm	15 20 25	Screen print Jacquard
REG4	Polyester	Sample 15x70 mm	15 20 25	Screen print
REG5	Tubular polyester	Sample 15x70 mm	10 12 15	Screen print Jacquard
REG6	Nylon	Sample 15x70 mm	10 1.5 2.0	Screen print
REG7	Nylon	Sample 15x70 mm	1.0 1.5 2.0	Screen print
REG8	Knitted polyester	Sample 15x70 mm	1.0 15 20	Screen print Jacquard
REG9	Polyester with printed satin ribbon	Sample 15x70 mm	20 25	Screen print

Green and affordable

The green content of a product is becoming ever more important. That is why Parthen developed its own line called The Green Lanyard Collection. Our green products all carry the tree logo. For some time now, Parthen has been offering biodegradable lanyards made of cotton, bamboo, corn and non-woven material. The cost is no longer an issue, because durable now comes at an affordable price.

Article number	Material	Samples	mm	Logo
EC01	Bamboo		10 15 20	Screen print
EC02	Bamboo		10 15 20	Screen print
EC03	Organic cotton		10 15 20	Screen print
EC04	Organic cotton		10 15 20	Screen print
EC05	Non-woven		10 15 20	Screen print
EC06	Pet		10 15 20	Screen print
EC07	Pet		10 15 20	Screen print
EC08	Corn		10 15 20	Screen print

The finishing touch

There are various ways to fix a lanyard to a badge. Find it difficult to select the best option? Parthen knows the ins and outs of any lanyard, and will be happy to give advice. The feeling that all has fallen into place is often a matter of details. The right fastener means optimal lanyards.

Outsourcing or doing it all by yourself?

About Parthen

It all started some twenty years ago with a vision. Today, Parthen offers worldwide professional support to the organisers of conferences, congresses, exhibitions, seminars, meetings and other business events.

From Eventure, the congress registration software, to temporary staffing to 10,000 sustainable congress kits. There is no limit to the products and services we can offer. And if it isn't there, we'll invent it for you.
